Data Sheet

<i>Specification data</i>	
----------------------------------	--

Appearance:	clear colourless to pale yellow liquid with slight characteristic odour
Benzyl alcohol:	43.0-47.0%
Glyceryl monoesters:	38% min.
Density (@20°C):	1.026-1.036 g/mL
Refractive index (@20°C):	1.4820-1.5020
Heavy metals:	10 ppm max.
Shelf life:	2 years in original packing

<i>Other characteristics</i>	
-------------------------------------	--

Solubility:	very soluble in alcohol, glycerine, glycols and polar oils, very slightly soluble in water
Storage:	store the tightly closed original container at temperature below 25°C, protected from direct sunlight and frost
Origin information:	contains no GMO, gluten and BSE/TSE risk material
