Care Chemicals**Characteristic values**

Specifications in the sections: 'Provisional quality control data' and 'Provisional additional product descriptive data' are not finalized and to be used for orientation purposes. A representative number of batches will be used for finalization at a later date.

INCI name: Coco-Glucoside (and) Disodium Lauryl Sulfosuccinate
(and) Glycerin

Physical form: Clear, slightly yellowish liquid with a characteristic odor

Provisional quality control data

(Data which is used for quality release and is certified for each batch.)

Test property	Specification
Appearance at room temperature	Clear, slightly yellowish liquid (turbidities may occur at < + 10 °C, to recover see additional information)
Odor at room temperature	Characteristic odor
Dry residue (100 - water)	52.0 - 58.0 %
Active matter (Dry residue - 10 (Glycerin))	42.0 - 48.0 %
pH value	7.0 - 9.0

Specific methods used for batch release see Certificate of Analysis. Only the data displayed in this document shall constitute the agreed contractual quality of the product. Chemical-physical characteristics reported in other product related documents (e.g. MSDS, Marketing brochures etc.) are not intended to define the quality of the product. Conversely, Product Specification does not address product communication, human and/or environmental safety or socio-economical characteristics.

Care Chemicals

Storage information

Shelf life

12 months

Storage temperature

Between + 10 °C and + 30 °C

Storage conditions

In original sealed containers and protected from moisture

Additional information

If the product is stored at temperatures below + 10 °C crystallization and turbidity may occur. Therefore, the product should be stirred at room temperature until recovered and uniform before use.

Intended for use as cosmetic ingredient

The aforementioned data shall constitute the agreed contractual quality of the product at the time of passing of the risk. The data are controlled at regular intervals as part of our quality assurance program.
