

Pureact Gluco L

Standard Raw Material Information

Supplier Name(s):

Innospec Ltd
Innospec Manufacturing Park
Oil Sites Road
Ellesmere Port, Cheshire CH65 4EY, UK
Tel: 00 44 (0) 151 356 3611

Innospec Performance Chemicals
500 Hinkle Lane
Salisbury, NC 28144 USA
Tel: 001-704-633-8028

Manufacturing Location(s)

Confidential (China)

Identification

Trade Name

Pureact Gluco L

Manufacturing Process

Confidential

INCI Name

Lauryl Glucoside

Composition

Items in **bold** are relevant for INCI labeling purposes . Preservatives, processing aids, impurities and/or subsidiary ingredients, where provided, are not part of the INCI name. Constituents / Additives are part of the INCI.

| INCI or Chemical Name | % | Function |
|-----------------------|----|-------------|
| Lauryl glucoside | 50 | Constituent |
| Water/aqua | 50 | Additive |

Pureact Gluco L

Standard Raw Material Information

Additional Information

Origin

Pureact Gluco L is 100% naturally derived from plant based sources.

Heavy Metals (Limit of Detection) and/or value present if measured.

| | |
|---------------|-----------------------------|
| Nickel (Ni) | Not tested and/or expected. |
| Cadmium (Cd) | Not tested and/or expected. |
| Mercury (Hg) | Not tested and/or expected. |
| Lead (Pb) | Not tested and/or expected. |
| Arsenic (As) | Not tested and/or expected. |
| Cobalt (Co) | Not tested and/or expected. |
| Chromium (Cr) | Not tested and/or expected. |

Heavy metals not routinely analyzed.

Pesticides

Not tested or expected.

Polycyclic Aromatic Hydrocarbons

Not tested or expected based on product knowledge.

Other Impurities

| | |
|---------------------|-----------------------------|
| 1,4-Dioxane | Not tested and/or expected. |
| Diethylene Glycol | Not tested and/or expected. |
| Free Ethylene Oxide | Not tested and/or expected. |
| Nitrosamines | Not tested and/or expected. |
| Glycol Ether | Not tested and/or expected. |
| Latex | Not tested and/or expected. |
| Phthalates | Not tested and/or expected. |

Major Food Allergens [US Food Allergen Labeling and Consumer Protection Act of 2004 (FALPCA)]

| | |
|-----------|-----------------|
| Milk | Not applicable. |
| Fish | Not applicable. |
| Shellfish | Not applicable. |
| Nuts | Not applicable. |
| Gluten | Not applicable. |
| Soybeans | Not applicable. |

Note: Highly refined oils derived from one of the eight major food allergens and any ingredient derived from such highly refined oil are exempted from FALCPA.

Fragrance Allergens according to Annex III of the EU Cosmetics Regulation (EC) No. 1223/2009

Pureact Gluco L is not expected to contain any of the 26 EU allergens as defined in the regulation.

Nanomaterials

A nanomaterial is an insoluble or biopersistent and intentionally manufactured material with one or more dimensions, or an internal structure, on the scale from 1 to 100 nm. According to this definition, Pureact Gluco L is not considered a nanomaterial and is free of nanomaterial concerns.

Pureact Gluco L

Standard Raw Material Information

CMR Certification / SVHC

No substances classified as Carcinogenic, Mutagenic or Toxic for Reproduction of Category 1A, 1B, or 2 under Annex II to the EU Cosmetics Regulations and Annex VI of the CLP regulation are present in Pureact Gluco L at greater than 0.1%. Any traces and impurities that are present are technically unavoidable under the conditions of good manufacturing practices.

GMO Certification

Pureact Gluco L is not manufactured with any substance with genetically modified organisms (GMO) concerns.

BSE/TSE Status

Pureact Gluco L is derived from non-animal sources, therefore is free of BSE-TSE concerns with respect to origin.

Microbiological Status

Pureact Gluco L is not expected to support microbial growth based on preservative challenge tests and/or product knowledge.

Animal Testing Status

This product is in compliance with EU Regulation No 1223/2009 (Chapter 5) and has not been tested on animals by or on behalf of Innospec after 11th of March 2009.

Environmental

Pureact Gluco L is readily biodegradable based on data from the components. Refer to Section 12 of the Safety Data Sheet for any additional information.

Technically Unavoidable Regulated Impurities under EU Cosmetics Regulation

*Only if listed below, substances are technically avoidable in the product.

| Chemical Name | CAS RN | Concentration (% or ppm) | Annex / Ref # | Name on List | Additional Comments* |
|---------------|--------|-----------------------------|---------------|--------------|----------------------|
| n/a | n/a | n/a | n/a | n/a | n/a |

California Proposition 65

The product may contain the following chemical(s) or chemicals known to the state of California to cause cancer and/or reproductive toxicity: Y

VOC(s)

The product does not contain any volatile organic compounds.

Residual Solvents

No Class 1, 2, or 3 residual solvents as listed in USP <467> and ICH Guideline Q3C are used in the manufacture of Pureact Gluco L.

Pureact Gluco L

Standard Raw Material Information

Kosher and Halal Status

Pureact Gluco L is free of ethanol and animal derived components. Although this product has not been officially certified under Kosher or Halal standards, we believe this product complies with the Jewish framework and is also permitted under Muslim standards. To the best of our knowledge, the information is provided based upon data from our raw material suppliers and manufacturing process.

Regulatory Status:

All components are listed, exempted, or compliant with the following regulatory regimes:

**To obtain full, up to date information on the REACH compliance status of this product please email us at reach@innospecinc.com for our REACH Declaration of Conformity / Only Representative Program.*

Preservative Declaration

Innospec has not intentionally added any of the following preservatives to Pureact Gluco L:

METHYLISOTHIAZOLINONE (and) METHYLCHLOROISOTHIAZOLINONE
PARABENS
DMDM HYDANTOIN
PHENOXYETHANOL

Irradiation Status

Irradiation is not used in the manufacturing, processing, or handling of Pureact Gluco L.

Innospec provides this information based on its knowledge of its manufacturing processes, raw materials and of the products and the impurities that are known or likely to be created from these processes or present in raw materials. We examine the specification of the raw materials we buy, but we may not have confirmed the presence and therefore cannot guarantee the absence of trace substances within raw materials which are not declared in the specification or MSDS. The facts stated and the recommendations made are based on our own research and/or the research of others, and are believed to be accurate. No guarantee of their accuracy is made, however, and unless otherwise expressly provided by law or in written contract, the materials are sold without warranties, expressed or implied, in particular without guarantee as to suitability for particular purpose. Innospec assumes no responsibility for injury or damage to users or third parties. Recipient agrees to assume all risk and liability whether used singly or in combination with other materials.

For non EU based customers, use of this and other documents in isolation is insufficient to confirm REACH compliance of the Innospec product concerned. In order to comply with EU REACH regulations (Title II, Chapter 1, Article 8) and to secure documentation to allow this product to be imported into the EU please contact Innospec to join our "Only Representative" and Declaration of Conformity Program."
