

## RAW MATERIAL INFORMATION FILE

**Issue date :** 01/06/2023

**Attn to :** EUROTRADING

**Perfumed composition :** LOTUS FLOWER RT6641

### Microbiological risk

We hereby certify that the risks of microbiological contamination of the reference named above is, or negligible due to the constitution of the perfume and low content of water inside.

### Decontamination by radioactivity

We hereby certify that the reference named above has not been treated with ionising radiation.

### Heavy metals

Based on information concerning the raw materials, production process, and equipment used, we hereby confirm that the total sum of results of heavy metals contained in the raw material is negligible.

### Pesticides

Based on information concerning the raw materials, production process, and equipment used, we hereby confirm that pesticides are not like to be present or negligible.

### NOAEL

We inform you that the data of NOAEL are not available for the reference named above.

### Absorption rate

The skin absorption data are not available.

### Nanomaterial

We hereby confirm that the reference named above is not a Nanomaterial as defined by the Cosmetic EU Regulation N°1223/2009, the French Decree N°2012-232 and the European Commission Recommendation N°2011/696.

### Nagoya Protocol

We hereby certify that the reference named above is not concerned by the Nagoya Protocol.

### Microbeads

We hereby confirm that the reference named above does not contain intentionally added microplastic particles as defined in ECHA definition to date.

The data in this document has been prepared by TechnicoFlor Regulatory Affairs service in accordance with TechnicoFlor's internal protocols and procedures. Detection limit for calculation is 10 ppm. The information contained herein is, to the best of TechnicoFlor's knowledge, true and accurate at the time it is given. It is provided to Customer for its information and internal use only. TechnicoFlor is not liable for any damages that may result from the misuse of the data. It is Customer's responsibility to perform its own evaluations on the reference evaluated herein, including with respect to end-use applications. Any Customer product, marketing or other claims are Customer's sole responsibility.
