

Product: GenoWhite™

Issue Date: June 15, 2018

Regulatory Information Sheet

Product: **GenoWhite™**
(INCI: Acetyl glycyl beta-alanine)

The regulatory information sheet of the above product covers the following.

- 1, 4-Dioxane
- Allergens/Fragrance Allergens
- BSE/TSE
- Carcinogenic, Mutagenic, Reprotoxic (CMR) Substances
- Compliance to Regulation 1223/2009/EC
- Country of Origin
- Formaldehyde
- Global Compliance
- Heavy Metal
- Hormones, Phthalates and Bisphenol
- Latex
- Microbial Content
- Mineral Oil
- Nanomaterial
- NOAEL
- Non-Animal Testing
- Non-Genetically Modified Organisms (GMO)
- Non-Irradiation
- Paraben and Sulphates
- Paraffin
- Pesticide
- Plastic Microbeads
- Preservative
- Prop.65
- REACH Status
- Round Table Sustainable Palm Oil (RSPO)
- Silicone
- Substances of Very High Concern (SVHC)
- Vegan
- Wheat and Gluten

Product: GenoWhite™

Issue Date: June 15, 2018

Regulatory Information Sheet

Product: **GenoWhite™**
(INCI: Acetyl glycyl beta-alanine)

1, 4-Dioxane

The above product does not contain any 1,4-dioxane and ethylene oxide. Neither 1,4-dioxane nor ethylene oxide related derivatives are used in the manufacture process and we would not expect to find 1,4-dioxane and ethylene oxide present.

Allergens/Fragrance Allergens

The above product does not contain wood, paper, soy, nut, beef or any of their derivatives. When reviewed against the lists of US FDA and EU EFSA allergens, the above product is considered as allergen free. No allergen is intentionally added or introduced throughout the manufacturing processes. Based on the information provided by our raw material suppliers and to the best of our knowledge of our product chemistry, we confirm that the above product does not contain any of the 26 allergens listed in Annex III of the EU Cosmetic Regulation (EC) No 1223/2009 and its amendments.

BSE/TSE

The above product is free from the risk of all BSE and TSE. We hereby confirm that the raw materials of the above product do not contain any animal or cell culture derived products or additives.

Carcinogenic, Mutagenic, Reprotoxic (CMR) Substances

The above product does not contain any substance classified as CMR substances of category 1A, 1B, or 2 under Part 3 of Annex IV to Regulation (EC) No 1272/2008.

Product: GenoWhite™

Issue Date: June 15, 2018

Compliance to Regulation 1223/2009/EC

The above product is tested for its safety profile and intended for use in the cosmetic products. The manufacturing process of the above product does not use any substances in the *List of Substances Prohibited in Cosmetic Products*, as specified in Annex 2 of Regulation 1223/2009/EC.

Country of Origin

The undersigned CORUM Inc. at 6FL, 360 Ruei Guang Rd., Neihu District, Taipei, Taiwan declares that the above product is a product of Taiwan. The manufacturing site is located at No.10, Cheng Kund 2nd St., Min-Hsiung Industrial Park, Chiayi, Taiwan.

Formaldehyde

The above product does not contain formalin, free formaldehyde or chemicals containing formaldehyde donors. Formaldehyde-releasing preservatives and packaging materials are also not used in the manufacture process of above product, and so the release of formaldehyde during storage and use is not expected.

Global Compliance

The above product is currently published in Cosmetic Ingredient Dictionary and Handbook by the Personal Care Products Council. It is intended for cosmetic use but may still be subject to local regulatory requirements.

Heavy Metal

Heavy metal levels of the above product are less than 20 ppm.

Hormones, Phthalates and Bisphenol

The above product does not contain hormones, phthalates and bisphenol as they are not used in the manufacturing.

Latex

The above product does not contain latex as it is not used in the manufacturing.

Product: GenoWhite™

Issue Date: June 15, 2018

Microbial Content

The above product does not typically support microbial growth in its anhydrous form which provides that those materials are not in contact with a stagnant pool of water. We do not run and report pathogenic microbial content of the above product. If we were to run microbial content on the above product, we would expect the result to always be zero.

Mineral oil

The above product does not contain mineral oil as it is not used in the manufacturing.

Nanomaterial

The above product is not a “nanomaterial”, an insoluble or biopersistent and intentionally manufactured material with one or more external dimensions, or an internal structure, on the scale from 1 to 100 nm, as defined in Regulation (EU) 1223/2009.

NOAEL

We are committed to enforcing our No Animal Testing Policy, no data on NOAEL is available.

Non-Animal Testing

The above product has not been subject to animal testing or retesting for cosmetic purpose by or on behalf of CORUM Inc. It's our company policy not to conduct any animal testing.

Should animal testing be required by a regulatory body for safety assessment, an exception can be made. We will always try our best in working towards acceptance of non-animal test results, however in case of exception, we will notify our customers immediately if any animal testing is conducted.

Non-Genetically Modified Organisms (GMO)

None of the raw materials used in the production are from genetically modified origins. The above product is not produced using GMO.

Product: GenoWhite™

Issue Date: June 15, 2018

Non-Irradiation

The raw materials of the above product have not been radioactively contaminated, and the irradiation is not used in the manufacturing process.

Paraben and Sulphates

The above product does not contain paraben and sulphates, as they are not used in the manufacturing.

Paraffin

The above product does not contain paraffin as it is not used in the manufacturing.

Pesticide

The above product is not intentionally added during manufacturing process and are not expected to be present in appreciable amounts due to the process employed.

Plastic Microbeads

The above product does not contain any plastic microbeads. Plastic microbeads are not part of the raw materials nor intentionally added in the manufacturing process. Therefore, they are not expected to be present.

Preservative

The above product is a preservative free product.

Proposition 65

The above product does not contain any contaminants known to the State of California to cause cancer or reproductive toxicity as listed under Proposition 65 State Drinking Water and Toxic Enforcement Act.

REACH Status

The above product has been registered under REACH.

Round Table Sustainable Palm Oil (RSPO)

The above product is not manufactured using palm derivatives.

Product: GenoWhite™

Issue Date: June 15, 2018

Silicone

The above product does not contain silicone as it is not used in the manufacturing.

Substances of Very High Concern (SVHC)

The above product does not use any of the Substances of Very High Concern (SVHC) as defined in the list of candidate substance published by ECHA in accordance with Article 59(10) of the REACH regulation.

Vegan

The process of the above product is vegan compliant, and the product contains no animal-based ingredients or byproducts, nor has it been tested on animals.

Wheat and Gluten

The above product does not contain wheat or gluten that may cause sensitization by inhalation and skin contact.
